

HILLCREST AIDS CENTRE TRUST

HOW THE HOPE CLUB WORKS:

MEMBERSHIP:

- The minimum donation for the Hope Club is **R50** per month for one draw ticket and the maximum donation per month is **R1000** per month which is 20 draw tickets.
- All donations have to be paid monthly to HACT by Debit Order, EFT, cash or cheque.
- Anyone aged 18 and over and who is a South African citizen or permanent resident can join the Hope Club.
- Membership is also open to companies, churches, non-profit organisation, funding bodies as well as special interest groups or clubs.
- As the monthly club draws are conducted under the supervision of independent auditors, (Marwick & Co,) all volunteers and staff of HACT are also eligible to join the Hope Club.
- All Hope Club members will have to donate for **three consecutive months** before they will be entered into the monthly prize draws.
- Any Hope Club member whose debit order bounces, will not be entered into that month's draw.
- Any Hope Club member whose debit order bounces more than twice will automatically lose their membership to the club.
- Membership can be cancelled at any time in writing to HACT.
- The processing of all HACT's debit orders will be undertaken by Three Peaks Payment Solutions, an approved financial services provider in South Africa.

THE DRAW:

- The prize draw will take place on the **28th** of every month on a lucky draw basis and will be overseen by independent auditors - Marwick & Co.
- The judge's decision is final and no correspondence will be entered into.
- The prize winners will be notified by email and the prize money will be deposited directly into their bank accounts. If it is found that the winner's details are incorrect then they forfeit the prize. (It is the responsibility of the donor to ensure HACT is notified in writing of any change of contact / banking details.)
- HACT will announce the names of the monthly prize winners on its website and Facebook page. All Hope Club members agree to having their name and photo made available for the above mentioned marketing purposes should they win.

Providing unconditional love and hope for all impacted by HIV/AIDS.
